

18W Wall mount type AC adaptor ADP-W7 Series

Adaptors, Chargers/Switching Power Supplies

OUTLINE

Small AC adaptor is AC input wall mount type and output DC cord.

FEATURES

1. Japan model specification. Case is wall mount type.
2. Support the instantaneous of peak current.
3. Worldwide AC input support can possible by the customize.

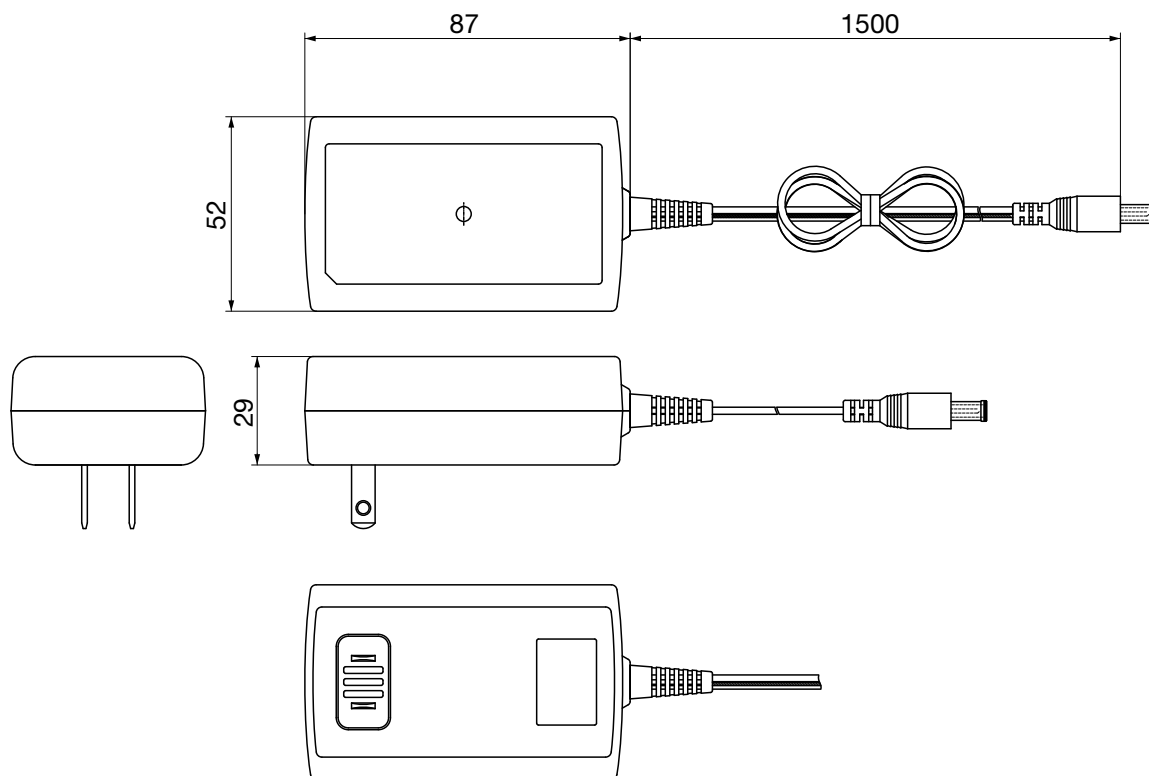

USES

1. Audio visual equipment.
2. Information communication terminal.

SPECIFICATIONS

Item	Specifications
Input voltage	AC100V 50/60Hz
Output capacity	18W
Stand-by power	300mW or less
Output control method	PWM type
Average efficiency	80.4% or more
Operating temperature range	0~40°C
Storage temperature range	-20~60°C
Output connector	EIAJ type 3
Safety standards	PSE
Destinations	Japan

DIMENSIONS

Unit : mm
